Handcrafted Jewelry

Karen Strauss Designs

Creations influenced by nature and music. Necklaces, rings, pins, and mezuzahs are fabricated using silver and gold and incorporating precious gems and minerals.

Each finished work is one-of-a-kind, but similar pieces may be custom ordered from the designer, Karen Strauss, a member of Artist-Craftsmen of New York

Jewelry Display Catches Everyone's Eye

Patrons visiting the Library throughout the month of June were dazzled by a marvelous jewelry display created by Roslyn resident **Karen Strauss**. Jewelry design is just one of her many talents. When Karen is not creating these beautiful works of art, she plays and teaches the harp. She has performed at the Library many times and will be returning next year for another concert. Her latest CD "Harp for the Soul," has drawn rave reviews.
